

# Aimetis E4000 Physical Security Appliance™

## Turnkey Hardware and Video Management Software Solution

Keep your surveillance system lean and dynamic with the Aimetis E4000 Physical Security Appliance (PSA). The E4000 PSA is your complete surveillance video management system in a box that combines purpose-built hardware with Aimetis Symphony™ video management. The E4000 series is the ideal solution for space constrained environments, such as small footprint retailers, gas stations, and harsh environments.

Performance doesn't have to be complex. The onboard Intel® Celeron® processor provides stable performance with very low heat generation and minimal cooling requirements, resulting in improved stability and longevity.

A tough aluminum case, with heat dispersing fins draws heat away from the processor, enables the system to operate in environments not suitable for commercial off-the-shelf PCs. To provide installation flexibility, the E4000 can be wall or rack mounted ensuring easy placement in any scenario.

## Key Benefits

### ✓ Easy to Use

The Aimetis E4000 Series PSA brings together the industry's best video management software, native analytics support, and reporting all built into a single, easy to use device.

### ✓ Aimetis Symphony Software Built-in

Award-winning Aimetis Symphony VMS, is built directly into each E4000 PSA ensuring a seamless deployment of software and hardware, in a single device for up to 32 cameras. No need to jump between multiple product and hardware vendors when the best comes in one, high powered device.

### ✓ Flexible Deployment

The E4000 offers extremely flexible deployment options. With its low heat production, expandable storage using internal or NAS, and small form makes the PSA the perfect solution for installations where space is limited and a small hardware footprint is a must.

### ✓ Add-on Products

Aimetis PSA is more than just a standalone solution, it opens the door to an unprecedented ecosystem that revolutionizes how you manage security. Seamless integration of PSA with Aimetis Outdoor Object Tracker™, Thin Client™, and Aimetis Enterprise Manager™ brings centralized management of your entire security system to your fingertips.

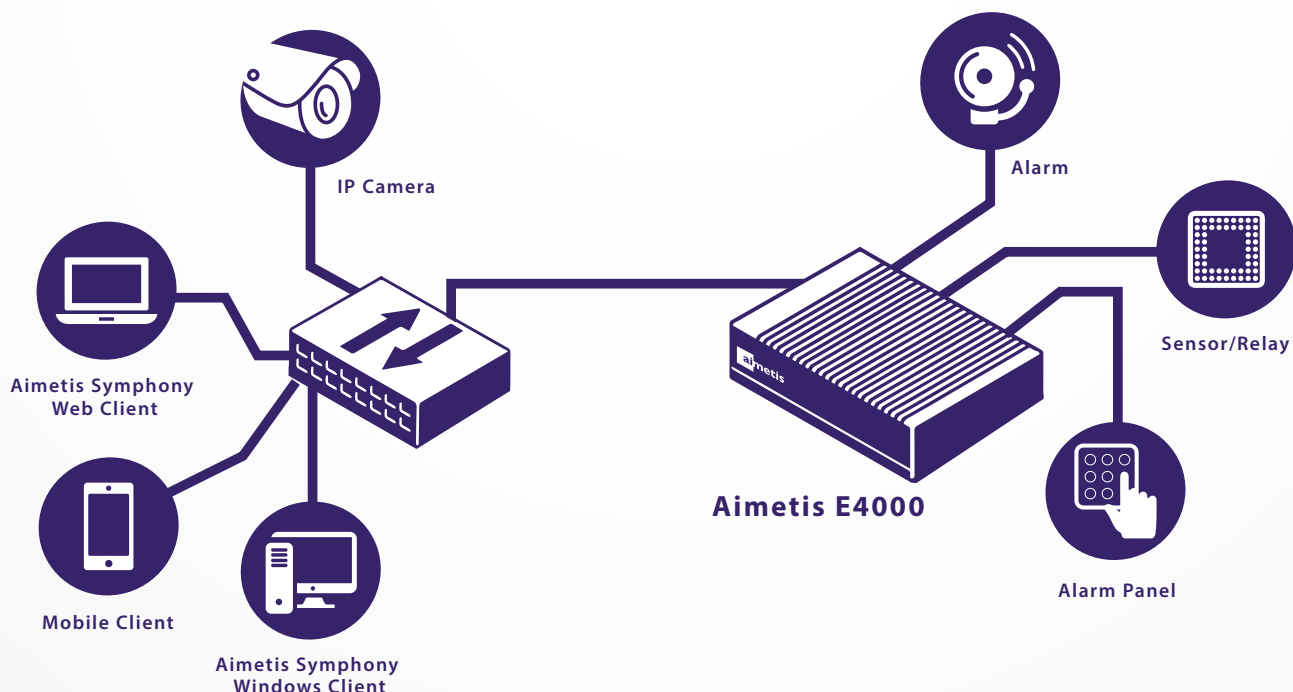

# Features and Specifications

Model	E4000	E4010	E4020	E4040	E4060
OS	64 GB mSATA				
Video Storage	*	1TB	2TB	4TB	6TB
VMS	Symphony Standard				
Base Licenses	2	4	8	16	24
Ethernet	2x GbE				
USB	4				
Integrated I/O	8/8				
Network Protocols	DHCP, SMTP, SNMP				
Extended storage	With NAS				
ONVIF	Yes				
Operating Temp.	0 to 40°C				
Dimensions (mm)	268W x 174D x 44H				
Weight	3.1KG				
Input Voltage	12VDC				
Compliance	CE, FCC, RoHs				
Mounting Kit	Wall, DIN-Rail included				
Warranty	3 year hardware & software				

\* Customer supplied

## Key Features

- Powered by Aimetis Symphony intelligent video management software
- Small fanless form factor with hot swappable 3.5" hard drive
- Supports installations of up to 32 cameras
- Wide range of supported camera manufacturers
- Integrated I/O
- Support for PC and embedded video analytics
- Viewing options include Windows Client, web, iOS / Android devices
- Onboard DHCP and SMTP servers make configuration of isolated camera networks easy
- Flexible installation options such as wall mount, DIN rail, desktop options
- Centralized appliance management via Aimetis Enterprise Manager
