

VIDEO MANAGEMENT SOFTWARE

Aimetis Symphony™ has a robust set of features that make it ideal for video surveillance and business intelligence applications for installations of all sizes, and across a range of vertical markets.

Aimetis Symphony Standard

- Single server deployment, unrestricted number of cameras (only limited by hardware resources)
- Support for 30+ camera manufacturers, ONVIF, megapixel camera support (up to 20MP)
- Advanced features such as multi-stream camera support, dynamic video stream switching, Map, 2-way audio, edge storage support

Aimetis Symphony Professional

- Unlimited servers, centrally managed
- All Standard features plus server redundancy, redundant recording, access control integration, alarm management, Active Directory support

Aimetis Symphony Enterprise

- All Standard & Professional features plus native video analytic support, such as tripwire, people counting, dwell time, auto-ptz tracking
- On-Demand business intelligence reports such as heatmap and people count report

SOFTWARE ADD-ONS

Aimetis Symphony Mobile

- View and play back video, control PTZ cameras, manage I/O devices and receive alarm push notifications all on your smartphone or tablet. Works seamlessly with both software and hardware offerings.

Aimetis License Plate Recognition

- Configured directly inside the Aimetis Symphony user interface and designed for vehicle access control applications as well as traffic control and enforcement applications.

Aimetis Kiosk

- Add-on tool providing vital lockdown security for Windows PCs running Aimetis Symphony. Aimetis Kiosk restricts users from accessing the desktop and OS while providing a secure replacement shell allowing access to specific applications only.

PHYSICAL SECURITY APPLIANCES

Aimetis E-Series Physical Security Appliance combines a purpose-built hardware appliance with Aimetis Symphony™ video management & analytics software, creating a high performance intelligent video surveillance platform for installations under 16 cameras. Its robust fanless design and flexible installation options makes it an ideal solution for space constrained environments.

E3200 Series

- Common across all models: Intel® Atom™ 1.86 GHz, integrated I/O (4/4), input voltage 12VDC / 5A Max or PoE+
- E3205: 4 x Aimetis Standard licenses, 500GB internal storage
- E3210: 8 x Aimetis Standard licenses, 1TB internal storage

E7000 Celeron Series

- Common across all models: Intel® Celeron® 847E 1.10 GHz, integrated I/O (8/8), input voltage 12VDC
- E7020: 8 x Aimetis Standard licenses, 2TB internal storage
- E7040: 16 x Aimetis Standard licenses, 4TB internal storage

E7000 i7 Series

- Common across all models: Intel® Core™ i7-2655LE 2.2 GHz, integrated I/O (8/8), input voltage 12VDC
- E7020A: 6 x Aimetis Standard licenses, 2 x Enterprise, 2TB internal storage
- E7040: 14 x Aimetis Standard licenses, 2 x Enterprise, 4TB internal storage
- Note: All models get an additional free license (Enterprise) when unit is activated for warranty online.

MAINTENANCE & SUPPORT

To subscribers of the Maintenance & Support program, Aimetis provides priority technical support, priority bug fixes and unlimited product version upgrades

- Technical Support - Aimetis technical support offers a range of services from hands-on technical assistance to self-service tools.
- Software Maintenance - Keeps your software current.
- Self-Service Support - Access to an online library of tools and documentation such as knowledge base articles, product documentation suite, technical and security alerts as well as a technical FAQ section.

* Free Technical Support on all Aimetis Hardware and Software Offerings to Certified and Authorized Partners.

KEY MARKET DIFFERENTIATORS

Ease of Use - Aimetis Symphony™ is award-winning intelligent video surveillance software that offers a single, innovative, open IP video platform for video management, video analytics, system integration and alarm management.

Ease of Business - Unique licensing model offering the ability to mix and match licenses on a single server and easy license version upgrades. Value-added maintenance & support offering consistent product updates and phone, email and web technical support.

Proven Video Analytics - Aimetis video analytics are seamlessly incorporated into Aimetis Symphony™, analyzing video data in real-time and providing organizations with intelligent information.
